

Add the spark to ignite innovation

Hear what our users say:

The compounds arrived safely. I want to express sincere gratitude to Boehringer Ingelheim for sharing these amazing tool compounds!

This is a fantastic collaboration and I hope we can generate some useful data to share.

I am extremely looking forward to test it on my cells!

Thanks for the compounds, they have arrived well and super fast.

Each molecule comes with a comprehensive profile

Including

- Structural data
- Rich pharmacology package
- Negative control molecule*
- Selectivity data set
- References
